and click on Donate

## Name Change

The *Training Center* has become *Worldwide Ministries!* China still remains our primary goal and focus. The new name reflects the open doors God is providing worldwide.

## Missionary Family needs Economy Car

One of our team members needs a dependable car that gets good gas mileage. Donating a vehicle is tax-deductible and we can put it to work for the Lord!

To read the full report on our ministry trips in China, South Africa, and California, visit [www.pidw.org/newsletters](http://www.pidw.org/newsletters).

Ice storm crushed power distribution system in China.

**Thank you** for your generosity to provide desperately needed funds for medicine, blankets and heating coal so the orphans could survive the ice storm that crippled China. Jim Hester delivered the funds.

## From Shanties to Parliament:

Worldwide Ministries' team member Keith Davies' dream is for a leadership training program in South Africa. It will build on all the success we have had in China. We met with Keith's friend in Parliament, as well as worked with local pastors from Shanty villages to large cities.

We learned about Lay Counseling from Saddleback Church. We will implement a similar program in China.

Dorothy Miller, an expert in the field, taught us Bible Storying techniques in a 3-day conference.

Life inside a shipping container house - eight people live in each container.

Aids patients learning computer skills

Randy (left) taught Moubor (middle) and Marco (right) Bible Storying techniques. Moubor speaks to 2,000 youth a week. Marco ministers to street kids.

## Kevin Fischer—Spring Update 2008

**K**evin Fischer is one of our full-time team members. As Camp/Youth Leadership Training Director, he focuses on youth ministry in China.

On his next trip to China, he (and a team of four others) will provide Sunday School Teacher training to a large government registered church, provide a four-day Camp Leader training to 30–70 leaders from all over China, and consult with key leaders in the development of three large day camps for this summer.

He is excited to be returning to China; he sees God

moving in a mighty way!

Kevin draws on his many years of youth camp experience and his strategic relationship with Young Life. Kevin is setting up joint projects with Young Life as they begin work in China.

We need Kevin's talents in China. He has reached 49% of his monthly support and is thrilled with the progress, but still needs financial partners.

Visit [www.pidw.org/support/](http://www.pidw.org/support/) for full details on supporting Kevin and other team members.
